

Washing Lotion Intimate pH 4.5

FAIR
SQUARED

With a pH value of 4.5, the washing lotion is specially tailored to the needs of the intimate area. The mild sugar surfactants make the lotion recommended for sensitive skin. The apricot kernel oil sustainably supports the skin's moisture balance, preserves the skin's elasticity and promotes cell regeneration. In combination with green tea from India, the washing lotion is particularly gentle, prevents skin irritation and leaves the skin feeling supple.
